IMMERSIVE & ENGAGING EVENT PLATFORM

Asia's premiere B2B trade event on Agri Technology. A curated platform to inspire learning, deepen understanding, networking, collaborating, business transactions and adoption of transformative solutions and processes. The platform to capitalise Vietnam as the springboard to access the region's high potential market in Agri Tech sectors.

The B2B programs directly at the booth are an important highlight of the Exhibition. Here, businesses have the opportunity to approach, meet, connect with, explore the potential to supply new, high-quality products and work directly with prestigious international CEOs to discuss cooperation and business opportunities.

In addition, at Vietnam Growtech 2026, participating businesses will have the opportunity to meet experts, buyers, investors and trade visitors from many places around the world such as: Czech, Poland, Turkey, Korea, Japan, China, Taiwan, Indonesia, Malaysia, Thailand...

CONNECTING PEOPLE & LEARNING OPPORTUNITIES

Meet genuine & high-value buyers from ASEAN countries through Business Matching hosted by the Organizer Committee. Over 500 facilitated business matched meetings identify, target and secure business meetings with new commercial partners to grow distribution channels.

At the Vietnam Growtech Conferences, leading international speakers will share their solutions to the latest, most promising and potential challenges in the industry as well as promising research results.

In addition to the benefits of meeting and exchanging with speakers and professional from all over the world, visitors will also have the opportunity to participate in many programs to experience new technologies at the exhibition.

CONSIDERING EXPANDING

AGRICULTURAL AND TECHNOLOGY MARKET GROWTH

Vietnam's agriculture sector is shifting toward high-tech models with rising demand for machinery, equipment, and digital solutions. The agri-tech market is projected to grow at a CAGR of 6.5%–8.2% during 2024–2028, depending on segment.

AGRICULTURE AND AQUACULTURE REVENUE

Vietnam's agro-forestry-fishery export value is expected to exceed USD 53 billion in 2025, showcasing the sector's strong potential and driving investment in technologies that enhance productivity, quality, and traceability.

INTERNATIONAL MARKET EXPANSION

Participation from companies in Korea, Japan, China, and more continues to expand the exhibition's scale, with international visitor growth forecasted at a CAGR 12% from 2024–2026.

GREEN AGRICULTURE - THE INEVITABLE TREND

Consumers increasingly prefer organic products, and Vietnam's commitment to emission reduction is driving demand for clean agricultural technologies. Growtech highlights solutions for water-saving irrigation, renewable energy, bio-fertilizers, and sustainable investment.

SHOWCASE PRODUCTS 2026

EXHIBITOR BENEFIT

EXPAND INTERNATIONAL MARKET REACH

Growtech Vietnam 2026 serves as a gateway connecting businesses with global markets, enabling you to access new regions, strengthen brand recognition, and attract both domestic and international distributors and partners in the high-tech agriculture sector.

CONNECT WITH HIGH-QUALITY PARTNERS

The exhibition offers opportunities to meet commercial buyers, investors, and industry experts. It is the ideal place to secure the right business deals and build strategic partnerships with organizations actively seeking new products and innovative solutions.

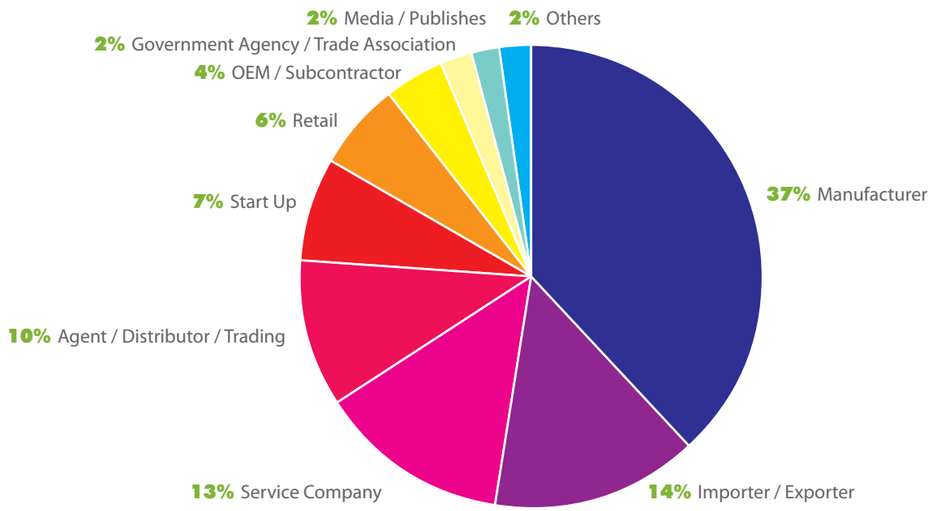

SHOWCASE AND PROMOTE YOUR PRODUCTS

Growtech Vietnam provides an ideal platform to display advanced products, technologies, and solutions, while engaging directly with customers. Exhibitors can create strong brand experiences, boost market interest, increase demand, and reinforce their competitive positioning.
